## Summary Report

### **ADC-1903: Pharmacovigilance**

With use of drugs and vaccines an inseparable part of patient care, it is but natural that at some point of time we will encounter Adverse Drug Reactions (ADR) and Adverse Events Following Immunization (AEFI). To minimise the potential devastating consequences, we as health professionals need to be on high alert with regards to their identification and reporting ensuring safer health care. Hence, this course was planned for the Undergraduates batch of 2017 MBBS.

This program was made successful by the extremely valuable contribution made by our resource persons- Dr. Somnath, Professor and HOD, Department of Pharmacology, MRIMS with countless years of experience behind him. Dr. Jamuna Rani, Professor of Pharmacology, MRIMS who is also the Coordinator of the Pharmacovigilance unit, brought to the table her valuable knowledge regarding the field and was aptly supported by Dr. Rohit Singh, who is not a dynamic person but a great teacher as well.

The program was conducted on 19.11.2019- 23.11.2019 at Lecture Hall, Ground Floor, Academic Block, MRIMS for 150 students of III MBBS ( 2017batch)
