Summary Report

VM12: Soft Skills

This journey is to explore the often overlooked yet immensely vital aspect of medical practice: soft skills. As future healthcare professionals, medical knowledge and technical skills are undoubtedly essential. However, it's the mastery of soft skills that truly distinguishes an outstanding practitioner. This course makes the students aware that medicine is not only about prescribing drugs but a holistic approach to a human being and this involves inclusion of soft skills. Students are also shown how lack of these can affect patient care.

To conduct this course, we had Dr. Ramani M, Academic Dean, Professor of Pathology and a seasoned medical educationist who along with her dynamic classes also spreads her infectious enthusiasm and positivity around. She was assisted by our able MEU faculty in the conduct of this course.

The course beneficiaries were 150 Interns of MBBS 2016 Batch who attended the course which was conducted from 28th to 30th May, 2020 in Online mode from 9:00 AM to 4:30 PM.
