Summary Report

Basic Entrepreneurship skills(VM32)

The 3-Day Basic Entrepreneurship Skills Workshop for Medical Postgraduates provided a comprehensive introduction to entrepreneurship within the healthcare sector. Held from [insert date] at [insert venue], the workshop commenced with an overview of entrepreneurial fundamentals, emphasizing the entrepreneurial mindset through case studies of successful healthcare ventures. Participants engaged in drafting business plans, learning about market analysis, organizational management, and financial projections. Innovation and opportunity recognition were key themes on the second day, alongside discussions on legal and ethical considerations pertinent to healthcare startups, supported by case studies and a panel discussion featuring legal and healthcare experts.

The final day focused on practical business management, covering marketing, operations, human resources, and financial management, supplemented by interactive exercises on crafting investor pitches and networking strategies.. This workshop effectively equipped medical postgraduates with the foundational skills and knowledge to embark on entrepreneurial endeavors in the healthcare industry.

The course was conducted on from 27th April to 29th April, 2023 for our II Year Post Graduate(21 batch) 43 students.
