INVITATION

GENETICS
MADE SIMPLE

Genetics CME & Workshop for PG Students & Junior Staff

HOSTED BY

MALLA REDDY
INSTITUTE OF MEDICAL SCIENCE
DEPARTMENT OF ANATOMY

Suraram, Hyderabad

DEAR FRIENDS:

Greeting from Malla Reddy Institute of Medical Sciences. It is time for us to start planning & preparation to meet for Novel events for PG students & junior staff of Anatomy. We Principal, staff & students of Department of Anatomy, with support of management, MRIMS Hyderabad feel happy & honoured to be hosting a CME & workshop on the topic **“Genetics made simple”** at our college premises on 19th & 20th March, 2013. This is mainly focused on the PG students of various specialties.

Being an anatomist I understand my PG students are uncomfortable with the third paper of our University examination, as Genetics is a part of third paper with Histology & Museum Techniques. In the regular Zonal CME Programmes conducted by Health University, Genetics topic was not taken so far. There are many PG students who have not been exposed to any lab procedures on genetics. Keeping this in view, all this problems- we are conducting CME & Workshop. We are trying to provide handouts of the lectures & to involve Participants in the Lab procedure to handle the culture personally. We extend our hearty Invitation to all Anatomists and other specialties, full-fledged & fledging, to participate actively in this event & make it a treasure –trove of happy memories- scientific and otherwise.
