Deputy Secretary to Govt. of India

**Conditions of Registration**

The following include few of the conditions to be followed by the Ethics Committees (ECs) registered with the Designated Authority (NECRBHR, DHR).

1. The registration is valid for a period of five years from the date of its issue, unless suspended or cancelled by the Designated Authority, NECRBHR, DHR. The EC has been registered for the purpose of reviewing Biomedical and Health Research. For Clinical Trials review, registration with CDSCO is required.
2. This certificate is issued to you on the basis of declaration/submission made by you.
3. An institution or organization or any person shall conduct any Biomedical and Health Research with the approval of the Ethics Committee registered under rule 17, Chapter IV of New Drugs and Clinical Trials Rules 2019.
4. The Ethics Committee should be constituted in accordance with the National Ethical Guidelines for Biomedical and Health Research Involving Human Participants 2017 as may be specified by the Indian Council of Medical Research from time to time and shall function in accordance with said guidelines.
  - a) EC composition should be as follows:
    - i) ECs should be multi-disciplinary and multi-sectoral.
    - ii) There should be adequate representation of age and gender.
    - iii) Preferably 50% of the members should be non-affiliated or from outside the institution.

Principal / Dean  
Malla Reddy Institute of Medical Sciences

- iv) The number of members in an EC should preferably be between 7 and 15 and a minimum of five members should be present to meet the quorum requirements.
  - v) The EC should have a balance between medical<sup>1</sup> and non-medical members/technical<sup>2</sup> and non-technical members, depending upon the needs of the institution.
  - b) Composition of the said Ethics Committee is as per the Annexure-I.
  - c) Any change in the membership or the constitution of the registered Ethics Committee shall be intimated in writing to the Designated Authority NECRBHR, DHR.
5. The Chairperson of an Ethics Committee (EC) should be a non-affiliated person from any background with prior experience of having served/serving in an EC whereas the Member Secretary should be a staff member of the Institution and should have knowledge and experience in clinical research and ethics.
  6. EC Members should be conversant with the provision of New Drugs and Clinical Trials Rules 2019, ICMR National Ethical Guidelines for Biomedical and Health Research Involving Human Participants and other regulatory requirements to safeguard the rights, safety and well-being of the human participants.
  7. Conflict Of Interest (COI) should be declared and managed in accordance with Standard Operating Procedures (SOPs) of the EC. EC members are responsible for declaration of COI to the Chairperson, if any, at each meeting. The member who has declared COI should withdraw from the EC meeting while the research proposal is being discussed and the quorum must be rechecked and it should be recorded in the minutes of meeting.
  8. In case of studies involving vulnerable population and stigmatized populations, the Ethics Committee, may associate with representatives of patient groups and subject experts who are not its members, in its deliberations but such experts shall not have voting rights, if any.
  9. Ethics Committee shall indicate the reasons that weighed with it while rejecting or asking for a change or notification in the protocol in writing to the Principle Investigator.
  10. The EC should continuously evaluate progress of ongoing proposals, review Serious Adverse Event (SAE) reports from all sites along with protocol deviations/violations and non-compliance, any new information pertaining to the research and assess final reports of all research activity.
  11. The function, proceedings of Ethics Committee and maintenance of records shall be as per the National Ethical Guidelines for Biomedical and Health Research Involving Human Participants 2017. The Ethics Committee shall maintain data, record, registers and other documents related to the functioning and review of Biomedical and Health Research study, as the case may be, for a period of three years after completion of such study.
  12. Where any SAE occurs to a study participant during its conduct of Biomedical and Health Research, the Ethics Committee shall analyse the relevant documents pertaining to such event and maintain reports and comply with the provisions of chapter – IV, New Drugs and Clinical Trials Rules 2019 and ICMR National Ethical Guidelines 2017.
  13. The Ethics Committee shall undertake proper causality assessment of Serious Adverse Events (SAE's) with the help of subject expert's wherever required, for deciding relatedness and quantum of compensation as per condition no. (12) mentioned above.
  14. Funding mechanism for the Ethics Committee to support their operations should be designed and approved to ensure that the committee and their members have no financial incentive to approve or reject particular study.
  15. SOP's for funding of the Ethics Committee in order to support their operations must be maintained. The records of income & expenditure of Ethics Committee shall be maintained for review and inspection.
  16. The EC should be competent and independent in its functioning. The institution is responsible for providing logistical support, such as infrastructure, staff, space, funds, adequate support, etc.. Ethics Committee records will be maintained.
  17. The Ethics Committee shall allow experts/officials authorized by Department of Health Research (DHR) to enter its premises to inspect any record, data or any document related to research study and provide adequate replies to any query raised by such experts/officials, as the case may be, in relation to the conduct of Biomedical and Health Research.

  
 Principal / Dean  
 Malla Reddy Institute of Medical Sciences

18. When Ethics Committee fails to comply with any provisions of the New Drugs & Clinical Trials Rules 2019 and ICMR National Ethical Guidelines 2017, the Designated Authority may issue show cause notice to such Ethics Committee specifying therein such non-compliances and the period within which reply shall be furnished by such Ethics Committee. After consideration of the facts and reply given by the Ethics Committee the Designated Authority, NECRBHR, DHR may take one or more actions specified under provision of Rule 18, Chapter IV of New Drugs and Clinical Trials Rules 2019.

19. To maintain independence, the Head of the Institution should not be part of the EC but should act as an appellate authority to appoint the committee, including Chairperson or to handle disputes. The appointment letter issued to all members should specify the Terms of References (TORs) and should include, at the minimum, the role and responsibility of the member in the committee, duration of appointment and conditions of appointment.

20. The Chairperson and Member Secretary could have dual roles in the EC as they could fulfil a role based on their qualifications (i.e. clinician, legal expert, etc.) in addition to taking on the role of Chairperson or Member Secretary.

21. The Institutions could have subcommittees such as SAE subcommittee or expedited review committee which should be a part of the main committee and comprise Chairperson/ Member Secretary and one to two appropriate designated members of the main EC as defined in the SOPs.

22. The EC can also have a set of alternate members who can be invited as members with decision-making powers to meet the quorum requirements and can have the same TORs as regular members and can attend meetings in the absence of regular members.

23. The Ethics Committee shall make an application for renewal of registration in Form CT-01 along with documents as specified in sub-rule (2) at least ninety days prior to the date of the expiry of its final registration: Provided that if the application for renewal of registration is received by the authority designated under sub-rule (1), ninety days prior to the date of expiry, the registration shall continue to be in force until an order is passed by the said authority on the application: Provided further that fresh set of documents shall not be required to be furnished, if there are no changes in such documents furnished at the time of grant of final registration, and if the applicant renders a certificate to that effect indicating that there is no change.

\*1 Medical members are clinicians with appropriate medical qualifications.

\*2 Technical members are persons with qualifications related to a particular branch in which the study is conducted, for example: - Social Science.

(Dr. V.G. Somani)  
Drugs Controller General (I) &  
Central Licensing Authority

Conditions of Registration

1. The registration is valid from 16-Nov-2020 to 15-Nov-2025, unless suspended or cancelled by the Central Licencing Authority.
2. This certificate is issued to you on the basis of declaration/submission made by you.
3. Composition of the said Ethics Committee is as per the Annexure.
4. No clinical trial or bioavailability or bioequivalence protocol and related documents shall be reviewed by an Ethics Committee in meeting unless at least five of its members as detailed below are present in the meeting, namely:-
  - (i) medical scientist (preferably a pharmacologist);
  - (ii) clinician;
  - (iii) legal expert;
  - (iv) social scientist or representative of non-governmental voluntary agency or philosopher or ethicist or theologian or a similar person;
  - (v) lay person.

V. Venugopal  
Principal / Dean  
Malla Reddy Institute of Medical Sciences

5. The Ethics Committee shall have a minimum of seven and maximum of fifteen members from medical, non-medical, scientific and non-scientific areas with at least,
  - (i) one lay person;
  - (ii) one woman member;
  - (iii) one legal expert;
  - (iv) one independent member from any other related field such as social scientist or representative of non-governmental voluntary agency or philosopher or ethicist or theologian.
6. One member of the Ethics Committee who is not affiliated with the institute or organization shall be the Chairperson, and shall be appointed by such institute or organization and one member who is affiliated with the institute or organization shall be appointed as Member Secretary of the Ethics Committee by such Institute or organization.
7. The Ethics Committee shall consist of at least fifty percent of its members who are not affiliated with the institute or organization in which such committee is constituted.
8. The committee shall include at least one member whose primary area of interest or specialisation is non-scientific and at least one member who is independent of the institution.
9. The Ethics committee can have as its members, individuals from other Institutions or Communities, if required.
10. Members should be conversant with the provisions of New Drug and Clinical Trials Rules, 2019, Good Clinical Practice Guidelines for clinical trials in India and other regulatory requirements to safeguard the rights, safety and well-being of the trial subjects.
11. The members representing medical scientists and clinicians shall possess at least post graduate qualification in their respective area of specialization, adequate experience in the respective fields and requisite knowledge and clarity about their role and responsibility as committee members.
12. As far as possible, based on the requirement of research area such as HIV, Genetic disorder, etc., specific patient group may also be represented in the Ethics Committee.
13. The Ethics Committee may associate such experts who are not its members, in its deliberations but such experts shall not have voting rights, if any
14. No member of an Ethics Committee, having a conflict of interest, shall be involved in the oversight of the Clinical trial or bioavailability or bioequivalence study protocol being reviewed by it and all members shall sign a declaration to the effect that there is no conflict of interest.
15. While considering an application which involves a conflict of interest of any member of the Ethics Committee, such member may voluntarily withdraw from the Ethics Committee review meeting, by expressing the same in writing, to the Chairperson. The details in respect of the conflict of interest of the member shall be duly recorded in the minutes of the meetings of the Ethics Committee.
16. Any change in the membership or the constitution of the registered Ethics Committee shall be intimated in writing to the Central Licencing Authority within thirty working days.
17. The Ethics Committee shall review and accord approval to a Clinical trial, Bioavailability and Bioequivalence study protocol and other related documents, as the case may be, in the format specified in clause (B) of Table 1 of the Third Schedule of New Drugs and Clinical Trials Rules, 2019 and oversee the conduct of clinical trial to safeguard the rights, safety and wellbeing of trial subjects in accordance with these rules, Good Clinical Practices Guidelines and other applicable regulations.
18. Where a clinical trial site does not have its own Ethics Committee, clinical trial at that site may be initiated after obtaining approval of the protocol from the Ethics Committee of another trial site; or an independent Ethics Committee for clinical trial constituted in accordance with the provisions of rule 7: provided that the approving Ethics Committee for clinical trial shall in such case be responsible for the study at the trial site or the centre, as the case may be: provided further that the approving Ethics Committee and the clinical trial site or the bioavailability and bioequivalence centre, as the case may be, shall be located within the same city or within a radius of 50 kms of the clinical trial site.
19. Where a Bioavailability or Bioequivalence study centre does not have its own Ethics Committee, bioavailability or bioequivalence study at that site may be initiated after obtaining approval of the

from the Ethics Committee registered under rule 8: Provided that the approving Ethics Committee shall in such case be responsible for the study at the centre: Provided further that both the approving Ethics Committee and the centre, shall be located within the same city or within a radius of 50 kms of the bioavailability or bioequivalence study centre.

20. Ethics committee shall indicate the reasons that weighed with it while rejecting or asking for a change or notification in the protocol in writing and a copy of such reasons shall also be made available to the Central Licencing Authority.

21. Ethics committee shall make, at appropriate intervals, an on-going review of the trials for which they have reviewed the protocol. Such a review may be based on the periodic study progress reports furnished by the investigators or monitoring and internal audit reports furnished by the sponsor or by visiting the study sites.

22. Where any serious adverse event occurs to a trial subject or to study subject during clinical trial or bioavailability or bioequivalence study, the Ethics Committee shall analyse the relevant documents pertaining to such event and forward its report to the Central Licencing Authority and comply with the provisions of Chapter VI, New Drugs and Clinical Trials Rules, 2019.

23. The Ethics committee shall undertake proper causality assessment of SAE's with the help of subject experts wherever required, for deciding relatedness and quantum of compensation, as per condition no (22) mentioned above.

24. Where at any stage of a clinical trial, it comes to a conclusion that the trial is likely to compromise the right, safety or wellbeing of the trial subject, the Ethics committee may order discontinuation or suspension of the clinical trial and the same shall be intimated to the head of the institution conducting clinical trial and the Central Licencing Authority.

25. Ethics committee shall comply with the requirements or conditions in addition to the requirements specified under the Drugs & Cosmetics Act, 1940 and New Drugs and Clinical Trials Rules, 2019, as may be specified by the Central Licencing Authority with the approval of the Central Government, to safeguard the rights of clinical trial subject or bioavailability or bioequivalence study subject.

26. Ethics Committee shall review and approve the suitability of the investigator and trial site for the proposed trial.

27. The Ethics Committee shall maintain data, record, registers and other documents related to the functioning and review of clinical trial or bioavailability study or bioequivalence study, as the case may be, for a period of five years after completion of such clinical trial.

28. Funding mechanism for the Ethics Committee to support their operations should be designed and approved to ensure that the committee and their members have no financial incentive to approve or reject particular study.

29. SOP's for funding of the Ethics committee in order to support their operations must be maintained. The records of income & expenditure of Ethics Committee shall be maintained for review and inspection.

30. The Chairman of Ethics Committee shall enter into MOU with head of institution, that necessary support and facilities and independence will be provided to Ethics Committee and their records will be maintained.

31. The Ethics Committee shall allow any officer authorized by the Central Licencing Authority to enter, with or without prior notice, to inspect the premises, any record, or any documents related to clinical trial, furnish information to any query raised by such authorized person, in relation to the conduct of clinical trial and to verify compliance with the requirements of these rules, Good Clinical Practices Guidelines and other applicable regulations for safeguarding the rights, safety and well-being of trial subjects.

32. Where Central Licencing Authority is of the opinion that Ethics Committee fails to comply with any provision of the Drugs and Cosmetics Act, 1940 and New Drugs & Clinical Trials Rules, 2019, it may issue show cause notice to such Ethics Committee specifying therein such non-compliances and the period within which reply shall be furnished by such Ethics Committee. After consideration of the facts and reply given by the Ethics Committee, the Central Licencing Authority may take one or more actions specified under provision of Rule 14, Chapter III of New Drugs and Clinical Trials Rules, 2019.

**Minutes**

**Date: 6.5.2023**

A Institutional Ethics Committee meeting was held on 6.5.2023 through online mode from 1.30pm on wards .The below mentioned minutes were discussed

1.Dr.Somnath Motgi, Member secretary reviewed and discussed previous minutes dated 29.4.2023

2.With permission of chairperson Dr.U.Shobha Jagdish Chandra meeting was started .

3.Apologies were received from Dr.Renu Shukla,Dr.Krishna Chaitanya & Dr.M.Srinivas for not attending the meeting

**4.Following members attended virtual meeting.**

S.no	Name of the member	Designation
1.	Dr.U.Shobha Jagdish Chandra	Chairperson
2.	Dr.Somnath Motgi	Member Secretary
3.	Dr.T.Rohit Singh	Basic Medical Scientist
4	Dr.BVS.Lakshmi	Non medical scientist
5	Mr.Chiranjeevi	Social scientist
6	Mr.Yogender Reddy	Legal Expert
7	P.Srinivas	Layperson

5.Below mentioned proposals were presented and discussed in meeting .

S.No	Name Of Pi	Study Title	Recommendations Made By Committee
1	Dr.Bathini Anitha (Pg2022/100)	Effectiveness Of Sitting Balance Exercises In Improving Trunk Control,Balance And Quality Of Life In Chronic Stroke Patients	Approved
2	Dr.Vangapalli Chaitanya Protocol No (Pg2022/101)	Long Term Effect Of Sub-Occipital Muscle Inhibition Technique On Hamstring Flexibility In College Students	Approved
3	Dr.Shruthi Protocol No (Pg2022/102)	Efficacy Of Multistation Proprioceptive Training In Increasing Neuromuscular Control In Basket Ball Players	Approved
4	Dr. M. Hima Bindu  Protocol No	A Study Of Theefficacy Of "Instashield" In Removal Of Pathogens From Aerosols In A Hospital Environment	Approved

	(Pg2022/103)		
5	Dr N. Himabindu, Protocol No-(Pg202/104)	A Study On Co-Relation Of Fnac And Ultrasound Mammography In Diagnosis Of Clinically Palpable Breast Lump	Approved
6	Dr N. Himabindu, Protocol No (Pg2022/105)	A Non-Puerperal Mastitis – A Prudent Approach.	Approved
7	Dr.Y Veda Parimala Protocol No (Pg2022/106)	A Study On Significance Of Magnesium Levels In Pregnancy At A Tertiary Care Center	Approved

After deliberations, the following decisions were arrived:

No.of proposals reviewed - 07

No.of proposals approved – 07

No.of proposals approved subject to corrections-0

Meeting came to end by 4.00pm

**Minutes**

**Date: 27.4.2023**

A Institutional Ethics Committee meeting was held on 27.4.2023 through online mode from 1.30pm on wards .The below mentioned minutes were discussed

1. Dr.Somnath Motgi, Member secretary reviewed and discussed previous minutes dated 21.4.2023
2. With permission of chairperson Dr.U.Shobha Jagdish Chandra meeting was started.
3. Apologies were received from Dr.BVS.Lakshmi for not attending the meeting
- 4.Following members attended virtual meeting.

S.no	Name of the member	Designation
1.	Dr.U.Shobha Jagdish Chandra	Chairperson
2.	Dr.Somnath Motgi	Member Secretary
3.	Dr.T.Rohit Singh	Basic Medical Scientist
4	Dr.Renu Shukla	Clinician
5	Dr.M.Srinivas	Member
6	Mr.Chiranjeevi	Social scientist
7	Mr.Yogender Reddy	Legal Expert
8	P.Srinivas	Layperson

5.Below mentioned proposals were presented and discussed in meeting

S.no	Name Of PI	Study Title	Recommendations made by committee
<b>ORTHOPAEDICS &amp; SURGERY</b>			
1.	Dr Maradani Pavan Sai Protocol no- (PG2022/61)	A prospective comparative study on Role of Continuous Suction Drain Tube versus Closed Suction Drain Tube in Postmastectomy Seroma Collection in Carcinoma Breast in a tertiary care centre.	1.Pt age group is not mentioned. 2.Test dose of ligocaine has to be mentioned. 3.Patient information sheet should be modified <b>Approved with recommended modification</b>
2.	Dr. E. Raman Kumar Protocol no- (PG2022/62)	Outcome of Open Reduction and Internal Fixation of Distal Femur fractures with Distal Femoral Locking compression Plate in adults– A prospective study	1.Gender should be included in inclusion criteria.. 2. Patient information sheet should be modified <b>Approved with recommended modification</b>

3	Dr.Sikinder noonavath Protocol no- (PG2022/63)	Prospective study of functional outcome of management of malleolar fractures of ankle in adults with open reduction and internal fixation	1.Gender of pt should be included in inclusion criteria. 2.Mention NSAIDs used in study. 3.Statistical analysis should be included. 4. Patient information sheet should be modified <b>Approved with recommended modification</b>
4	Dr.Edam Srikar Protocol no-64 (PG2022/54)	Analysis of functional outcome of proximal humerus fractures managed with philos plating in adults	1.Mention Neils classification in case report form. 2. Patient information sheet should be modified <b>Approved with recommended modification</b>
5	Dr. Anirudh Viswanadh, Protocol no-(PG2022/65)	An observational study on the release of transversus abdominis in the repair of large ventral hernia	1.Age group and gender of pt. should be specified in inclusion criteria. 2.Patient information sheet should be modified <b>Approved with recommended modification</b>
6	Dr. K. Madhurika, Protocol no-(PG2022/66)	A study on post operative bile leaks in cholecystectomy	1.Pt Age to be included in inclusion criteria 2. Patient information sheet should be modified <b>Approved with recommended modification</b>
7	Dr. Sai Kishori K Protocol no (PG2022/67)	A comparative study of single versus multiple gall stone disease in patients undergoing laparoscopic cholecystectomy	1.Pt gender to be included in inclusion criteria 2. Patient information sheet should be modified <b>Approved with recommended modification</b>
8	Dr B.Sneha Protocol no (PG2022/68)	Diagnostic utility of FNAC compared to excisional biopsy in patients with cervical lymphadenopathy attending a tertiary centre	Patient information sheet should be modified <b>Approved with recommended modification</b>
<b>OBGY</b>			
9	Dr. K.BHAVANI. Protocol no-(PG2022/69)	A clinico-pathological study of ovarian tumors at tertiary care centre.”	Patient information sheet should be modified <b>Approved with recommended modifications</b>

10	Dr. Krutika Deokar Protocol no (PG2022/70)	A study on risk factors for surgical site infections after caesarean section	Approved

5.

S.no	Name Of PI	Study Title	Recommendations made by committee
<b>OPHTHALMOLOGY</b>			
1.	Dr. San Keerthana. Protocol no- (PG2022/41)	Prospective Study of Integrity of clear corneal incision after Phacoemulsification using Anterior segment optical Coherence Tomography	Patient information sheet should be modified <b>Approved</b> subjective to <b>modification</b>
<b>ORTHOAEDICS</b>			
2	Dr. K. Srikanth, (PG2022/42)	A Prospective outcome study in the management of Grade III-VI Acromio-clavicular joint dislocations in adults with coraco-clavicular ligament reconstruction using Modified Weaver Dunn procedure	1. Consent form should be removed as ICF is attached. 2. Patient information is incorrect.It should be modified completely. <b>Approved with modifications</b>

### PULMONARY MEDICINE

3	Dr. Divyesh Pershad, Protocol no- (PG2022/43)	A comparative study of the clinico radiological profile and treatment response in diabetes mellitus and non - diabetes mellitus patients with pulmonary tuberculosis.	1.Select only type 2DM subjects in inclusion criteria Title:A comparative study of the clinic radiological profile and treatment response in Type 2 DM and non –DM patients with pulmonary tuberculosis. 2.Explain bacillary burden. 3.Classify cavitation I methodology 4.ADR form should be included in study protocol 5.Include Anti TB regimen programme <b>Approved with recommended modification only</b>
---	---	---	---

### OBGY

4	Dr.Kavya Talla Protocol no- (PG2022/44)	A prospective study of feto - maternal outcome of gestational diabetes mellitus	<b>Approved</b>
---	---	---	-----------------

### GENERAL MEDICINE

5	Dr. K. Sri Vaishnavi Protocol No - (PG2022/45)	A study of the predictors of mortality in acute ischemic stroke.	1.Methodology should be explained in detail.. Patient information sheet should be modified . 2.Approved with modification
6	Dr.K.Sushanth Reddy Protocol no- (PG2022/46)	A study of serum cystatin c as a prognostic factor in acute kidney injury in ICU patients at tertiary care centre	1.nephelometry method & by jaffe method should be explained in detail in study protocol.The percentage rise is mentioned.Explain it? 2. Serum creatinine ,Serum cystatin C should be classified indtail in CRF 3.Patient information sheet should be modified . <b>Approved only subjective to modification</b>

7	Dr.Poojitha.V Protocol No- (PG2022/47)	An observational cross-sectional study to determine the clinical profile of patients presenting in hypertensive crisis in a tertiary care centre	1.Patient information sheet should be modified . 2.Irrelevant information is mentioned below "ethics aspects "heading.It should be deleted . 3.Explain methodology appropriately. Approved with modifications
<b>PSYCHIATRY</b>			
8	Dr.Renuka Vakiti Protocol no- (PG2022/48)	A Case-control Study To Compare Craving, Interoception And Decision Balance In Alcohol Use Disorder With Or Without Remission And Healthy Controls.	Approved
<b>DVL</b>			
9	Dr. P. Mahathi Reddy, Protocol no-(PG2022/49)	A clinico epidemiological study of dermatophytic infections and their sensitivity to antifungal drugs in a tertiary health care centre	Approved
<b>ENT</b>			
10	Dr. K.Vaishnavi Protocol no- (PG2022/50)	A comparative study on efficacy of combination of nasal steroids and mast cell inhibitors against nasal steroids alone in persistent adenoid hypertrophy in pediatric population	Protocol is not as per ethics guidelines.Resubmit protocol as per ethics SOP. Doses of drug are not specified. Modifiy patient information sheet. Approved subjective to modifications

S.no	Name Of PI	Study Title	Recommendations mae by committee
<b>ANAESTHESIA</b>			
1.	Dr.M.Ravi kumar Protocol no- (PG2022/51)	A comparative study of subarachnoid block with plain hyperbaric bupivacaine and hyperbaric bupivacaine with midazolam in lower abdominal surgeries	1.Protocol needs revision. 2.Modify patient information sheet. <b>Approved to modification.</b>
2.	Dr. D.Anitha Protocol no- (PG2022/52)	A comparative study of hyperbaric (0.5%) bupivacaine and hyperbaric (0.5%) bupivacaine with fentanyl (25mcg) as additive for spinal anaesthesia in patients undergoing infraumbilical surgeries	Modify patient information sheet. <b>Approved with modification</b>

3	Dr.D.Divya Protocol no- (PG2022/53)	A Comparative study of proseal larngal mask airway vs endotracheal tube in pediatric airway management In general anaesthesia	Modify patient information sheet. <b>Approved with modification</b>
4	Dr.Maneesha Protocol no- (PG2022/54)	A comparative study of efficacy of levo bupivacaine with fentanyl and levobupivacaine with dexmedetomidine in spinal anaesthesia for lower limb surgeries	1.What is the method of randomization and how many pts in group will be randomly divided is not mentioned in protocol. 2. Modify patient information sheet. <b>Approved with modification</b>
5	Dr. T.Siri Chandana Protocol No - (PG2022/55)	A comparative study of the effect of 0.5%ropivacaine with dexmedetomidine and 0.5%ropivacaine with buprenorphine in ultrasound guided supraclavicular brachial plexus block for elective upper limb surgeries in a tertiary care hospital.	Modify patient information sheet. Approved with modification
6	Dr.Tejaswini Protocol no-(PG2022/56)	A comparative study on postoperative analgesic efficacy of epidural fentanyl versus epidural fentanyl with magnesium sulphate as adjuvants to hyperbaric bupivacaine in patients aged 20-60 years undergoing lower limb surgeries	Modify patient information sheet. <b>Approved with modification</b>
<b>GENERAL SURGERY</b>			
7	Dr.S.Kiran Kumar Protocol no-(PG2022/57)	A Prospective Study To Evaluate The Efficacy Of Placental Extract In Chronic Non-Healing Ulcers.	wedge biopsy-procedure to be mentioned in protocol . wrong patient information sheet is attached. <b>Approved subjective to modification only</b>
8	Dr.G.Prerana Reddy Protocol no-(PG2022/58)	A comparative study of lubrication of endotracheal tube with betamethasone gel and lignocaine gel in reducing postoperative sore throat, cough, hoarseness of voice among people aged 18-65 years undergoing elective surgery under general anaesthesia	Modify patient information sheet. <b>Approved with modification</b>

RADIODIAGNOSIS			
9	Dr.S.Prashanthi. Protocol no-(PG2022/59)	Role of fetal magnetic resonance imaging and 3d ultrasound in evaluation of fetal anomalies during second trimester of pregnancy	wrong patient information sheet is attached. <b>Approved subjective to modification only</b>
10	DR. J.Vamshi priya Protocol no-(PG2022/60)	Role of conventional fistulography and magnetic resonance fistulography in preoperative evaluation of fistula in ano	wrong patient information sheet is attached. <b>Approved subjective to modification only</b>

5.Below mentioned proposals were presented and discussed in meetings.

S.no	Name Of PI	Study Title	Recommendations made by committee
<b>RADIODIAGNOSIS</b>			
1.	Dr.V.Sai Srujitha Protocol no- (PG2022/31)	The diagnostic evaluation of MRI over transabdominal and transvaginal ultrasound in female adnexal mass lesions with histopathological correlation	1.Patient information sheet should be modified. 2.Informed consent form should be changed. <b>Approved with modifications only.</b>

ENT			
2	Dr Harsha Thakur Protocol no- (PG2022/32)	A prospective comparative study on septoplasty and tympanoplasty v/s tympanoplasty alone in patients with csom tubo-tympanic disease in tertiary care hospital	1.Abbreviations like CSOM should be expanded in protocol.2.Only one objective should be included.3.In ICF benefits should be changed. <b>Approved with modifications only.</b>
3	Dr. CH. Hema Sahiti Protocol no- (PG2022/33)	A prospective study on recurrence rate of cholesteatoma in post modified radical mastoidectomy (mrm) cases in a tertiary care hospital	1.Tabular forms to be reconstituted. 2.Demography can be one objective in study. <b>Approved with modifications only.</b>
ANAESTHESIA			
4	Dr. B. Himabindhu Protocol no- (PG2022/34)	A comparative study on efficacy of intravenous magnesium sulphate and dexmedetomidine in attenuating the hemodynamic pressor response during direct laryngoscopy and intubation	1.Modify patient information sheet. Approved with modification
5	Dr. D.Sneha Latha Protocol no- (PG2022/35)	A comparative study of haemodynamic effects of carbetocin and oxytocin given as intravenous injection in women undergoing elective caesarean sections	1.Specify the rate of infusion of carbetocin and oxytocin i.e no of deops/min infusion in methodology . Approved with modification

DVL			
6	Dr. Meeripelli Kavya,  Protocol no- (PG2022/36)	A clinico epidemiological study of non venereal genital dermatoses in patients attending the tertiary health care centre.	1.Include Modified Kuppuswamy and BG Prasad scale classification in methodology and CRF. 2.s PER INCLUSION CRITERIA AGE GROUP IS >15 YEARS.Assent form should be included. <b>Approved with modifications only.</b>
GENERAL MEDICINE			
7	Dr.Sunil krishna dipt  Protocol No - (PG2022/37)	To study the relationship between type 2 diabetes mellitus and asymptomatic coronary artery disease	1.Age group is not specified in inclusion criteria. 2.Methodology is not explained .Resubmit the protocol with appropriate and detail methodology . <b>Approved with modifications only.</b>
8	Dr. Tolichukka Radhika  Protocol no- (PG2022/38)	A clinical study of noninvasive predictors to diagnose esophageal varices in patients with cirrhosis of liver in tertiary care center	1.Age group is not mentioned. 2.Statistical analysis should be modified.3.Patient information sheet should be modified <b>Approved with modification</b>
ORTHOPAEDICS			
9	Dr. Shravan kumar  Protocol No- (PG2022/39)	correlative study of diagnostic efficacy of laxometric measurements of anteroposterior translation of tibia in plain xray of knee in adults with internal derangement of knee, with mri and arthroscopic findings"	Protocol is not submitted as per IEC guidelines.Re-submit as per the SOP. <b>Approved only after submission of hard copy</b>

Psychiatry			
10	Dr. N.Priyanka Koundinya Protocol No- (PG2022/40)	A Case-Control Study to find association and comparison of Interoceptive awareness, Anxiety, Depression and Somatic Symptoms in Depression, Somatization disorders and Healthy Controls	1.Aim should be modified . 2.Patient information sheet should be modified. <b>Approved with modification .</b>

After deliberations, the following decisions were arrived:

S.no	Name Of PI	Study Title	Recommendations made by committee
<b>RADIODIAGNOSIS</b>			
1.	Dr.Konda Akhila Protocol no- (PG2022/21)	Diagnostic evaluation of medial nerve in carpal tunnel syndrome using high frequency ultra sound and color doppler in comparison with nerve conduction studies	1.Patient information sheet has to be modified. 2.Details of nerve conduction should be specified in methodology <b>Approved with recommended modifications only</b>

2.	Dr.K. Sathwik Kumar Protocol no- (PG2022/22)	A prospective study of role of neurosonogram in critically ill neonates in neonatal intensive careunit at a tertiary care centre	1.Write "parent information sheet"instead of patient information sheet. 2.Instead of informed consent foem write it as "parent Consent form" 3. Intra cerebral hemorrhages, hydrocephalus and other structural abnormalities in early stages as mentioned in objectives should also be specified in CRF. <b>Approved with recommended modifications only.</b>
<b>ANAESTHESIA</b>			
3	Dr.Jyoti Protocol no- (PG2022/23)	Post -operative analgesic efficacy comparison of ropivacaine and bupivacaine using ultra sound guided oblique subcostal transverse abdominis plane block in. open cholecystectomy under general anaesthesia	Add rescue analgesic in methodology. <b>Approved with modification only</b>
<b>OBGY</b>			
4	Deepthi Thunga Protocol no- (PG2022/24)	Prospective study for prediction of pre ecclampsia by gestosis score in tertiary care center	<b>Approved</b>
<b>GENERAL MEDICINE</b>			
5	Dr.K.Prasanth Protocol No - (PG2022/25)	Study of Ankle brachial Index in systemic hypertension	<b>Approved</b>
6	Dr.pippari Nikhil, Protocol no-(PG2022/26)	A study on riskfactorassessment and clinico-radiological profile in acute ischaemic stroke	1.Enlist the risk factors associated with study in methodology.Explain methodology clearly. 2.Patient information sheet should be modified.Objectives are mentioned in PI sheet. <b>Approved only with recommended modifications</b>

7	Dr.Rashmika Chalimeda Protocol No-(PG2022/27)	An observational case control study on serum vitamin D levels in acute ischaemic stroke patients in a tertiary care center	1.Instead of “data collection”- it should be written as “methodology “. 2.explain the technique “Chemi Luminescence Immuno Assay” in methodology 3.Q.NO 7-13 in patient information sheet should be removed.Modify patient information sheet. <b>Approved only with recommendations</b>
8	Dr.T.Harichandana Protocol no-(PG2022/28)	A cross sectional study on the prevalence of peripheral neuropathy and its risk factors in pre-diabetics	<b>Approved</b>
<b>GENERAL SURGERY</b>			
9	Dr. N. Sharath chandra Protocol no-(PG2022/29)	Comparative study of open verses closed technique of creating pneumoperitoneum in laparoscopic surgery	1.Patient information sheet should be modified . <b>Approved with modification</b>
<b>PAEDIATRICS</b>			
10	Dr.K.Thanvi Protocol no-(PG2022/30)	Spectrum and Prevalence of skin diseases among children aged 6-12 years attending the paediatric OPD, at a tertiary health care centre	1.Include gender in inclusion criteria.2.Check the grammer -tense specified. It written as consent is already given.3.Child assent form should be included. <b>Approved with recommended modifications only.</b>

After deliberations, the following decisions were arrived:

EC/NEW/INST/2023/TE/0235

**Minutes**

**Date:31.3.2023**

A Institutional Ethics Committee meeting was held on 31.3.2023 from 1.30 pm on wards. Following minutes were discussed.

1. Dr.Somnath Motgi, Member secretary reviewed welcomed all committee members.

2. Dr.Shobha Jagdish Chandra chairperson IEC welcomed all committee members and with permission the meeting was started.

**3. Following members attended virtual meeting.**

S.no	Name of the member	Designation
1.	Dr.U.Shobha Jagdish Chandra	Chairperson
2.	Dr.Somnath Motgi	Member Secretary
3.	Dr.T.Rohit Singh	Basic Medical Scientist
4	Dr.Renu Shukla	Clinician
5	Mr.Chiranjeevi	Social scientist
6	Mr.Yogender Reddy	Legal Expert
7	P.Srinivas	Layperson

4.Apology was received from Dr.Krishna Chaitanya & Dr.Srinivas Members of IEC for not attending the meeting.

**5. The below mentioned protocols were presented & discussed.**

S.no	Name Of PI	Study Title	Recommendations made by committee
<b>Pathology</b>			
1.	Dr. Deepthi P Protocol no- (PG2022/01)	Histopathological study of Gallbladder lesions in a Tertiary Care Hospital	Approved
2.	Dr.Shainaz Begum Protocol no- (PG2022/02)	A study of histopathological lesions of lymphnode biopsies in a tertiary care hospital	Sample size should be increased to 100. Approved with recommended modification

3.	Dr.Sayiri Sravani Protocol no- (PG2022/03)	A cross sectional study of platelet parameters in patients with acute febrile illness with thrombocytopenia at tertiary care hospital	Approved
4.	Dr. S. Madhulika. Protocol no- (PG2022/04)	Histopathological study of oral cavity lesions in a tertiary care hospital	Approved

#### **Anaesthesia**

5	Dr. Vishal Pratik K Protocol no- (PG2022/05)	A comparative evaluation of subarachnoid block with 0.5% hyperbaric levobupivacaine with fentanyl vs 0.5% hyperbaric bupivacaine with fentanyl in patients undergoing infra umbilical surgeries in a tertiary care hospital.	Approved
---	---	--	----------

#### **Microbiology**

6	Dr. K Akshatha Reddy Protocol no- (PG2022/06)	Clinico bacteriological study of acinetobacter species isolated at tertiary care hospital with special reference to biofilm formation	Approved
7.	Dr. B. Rosilin Protocol no- (PG2022/07)	A study of clinico mycological pattern in suspected cases of dermatophytoses with special dr. sanjeev d rao reference to antifungal susceptibility testing in tertiary care hospital	Approved

#### **OBGY**

8	Dr. Yeshala Vani. Protocol no- (PG2022/08)	A study on clinical presentation and management of unruptured ectopic pregnancy at a tertiary care hospital	ADR reporting form should be attached Approved with modification
---	---	---	---

#### **Ophthalmology**

9	Dr. P Lakshmi Priyanka Protocol no- (PG2022/09)	A clinical study on drug induced toxic optic neuropathy	Chloroquine should be added in the CRF Approved with modification
---	--	---	--

10	Dr. Asra Sheereen (PG2022/20)	A study on adoption of small family norms by the eligible couples in urban community of medchal – malkajgiri district of telangana.	
----	-------------------------------------	---	--

After deliberations, the following decisions were arrived:

No.of proposals reviewed - 10

No.of proposals approved – 10

No.of proposals approved subject to corrections- Nil

Meeting came to end by 4.00pm

**Dr.Somnath Motgi**  
**Member Secretary**  
**IEC MRIMS**

**EC/NEW/INST/2019/437.**

**Minutes**

**Date:21.10.2022**

A virtual Institutional Ethics Committee meeting was held on 21.10.2022 from 1.30pm onwards. Following minutes were discussed.

1.Dr.Somnath Motgi, Member secretary reviewed previous minutes dated 20.10.2022.

2.Dr.Shobha Jagdish Chandra chairperson IEC welcomed all committee members and with permission the meeting was started.

**3.Following members attended virtual meeting.**

S.no	Name of the member	Designation
1.	Dr.U.Shobha Jagdish Chandra	Chairperson
2.	Dr.Somnath Motgi	Member Secretary
3.	Dr.T.Rohit Singh	Basic Medical Scientist
4.	Dr.Krishna Chaitanya	Clinician
5	Dr.Renu Shukla	Clinician
5	Mr.Chiranjeevi	Social scientist
6	Mr.Teppavari .Sathyanarayana	Legal Expert
7	P.Srinivas	Layperson

4.Apology was received from Dr.Srinivas Member & Dr.BVS.Lakshmi , member IEC for not attending meeting.

5. After the proceedings, the proposals listed below for the meeting were taken up for discussion.

S.no	Name Of PI & Project number .	Study Title	Recommendations made by committee
<b>ORTHOPAEDICS</b>			
1	Dr.K.Hymavathi IEC/PG2021/71	Role of tip apex index as a predictor of implant failure in the management of intertrochanteric fractures of femur	Patient nformation sheet should be modified Approved with recommended modification

PATHOLOGY			
2	Dr.Bhargavi Vadla IEC/PG2021/72	Histopathological Evaluation of endometrial curettings and biopsies in abnormal uterine bleeding in a tertiary care hospital	Approved
3	Dr. T. Shalom Divya Teja. IEC/PG2021/73	Evaluation of Microcytic Hypochromic Anaemia based on Red Blood Cell Parameters and Iron studies – A hospital based observational study	Iron profile to be included in methodology. Approved with recommended modification
4	Dr.Monika E IEC/PG2021/74	Histopathological study of ovarian tumors in a tertiary care hospital	Approved
5	Dr.Barlapally Pavani IEC/PG2021/75	Study of histopathological changes of placenta in pregnancy induced hypertensive women in a tertiary care center	Gross features of placenta to be included in methodology & CRF Approved with recommended modifications
6	Dr.Priyanka Purma IEC/PG2021/76	Evaluation of Macrocytic Anaemia based on haematological, biochemical and clinical parameters in a Tertiary Care hospital	Etiological factors suggest one of the objective of study.It should be explained & included in methodology & CRF . Approved with recommended modifications
7	DR.CH.Ratna Kumari IEC/PG2021/77	A study on Comparison of FNAC(fine needle aspiration cytology) with Histopathology of breast lesions in a Tertiary care hospital	Approved
SURGERY			
8	DRK. Mallikarjun IEC/PG2021/78	Pre operative serum albumin and body mass index as predictors of post operative complications in emergency abdominal surgeries	Approved

<b>SPM</b>			
9	Dr.Rajkumar M. IEC/PG2021/79	Assessment of Infant and young child(0 to 23months) feeding practices and nutritional status in urban and rural field practice area of medical College	Approved
<b>OBGY</b>			
10	Dr.Kothakapu Shalini Reddy IEC/PG2021/80	Study on causes of first trimester vaginal bleeding and it's association with pregnancy outcome in a tertiary care centre	Approved

After deliberations, the following decisions were arrived:

No.of proposals reviewed - 10

No.of proposals approved -06

No.of proposals approved subject to corrections-04

**Dr.Somnath Motgi**

7	P.Srinivas	Layperson

4.Apology was received from Dr.Srinivas Member,Dr.Renu Shukla & Dr.BVS.Lakshmi , member IEC for not attending meeting.

5. After the proceedings, the proposals listed below for the meeting were taken up for discussion.

S.no	Name Of PI	Study Title	Recommendations made by committee
<b>Orthopaedics</b>			
1	Dr.S.Bharath Kumar IEC/PG2021/61	Clinical study of recurrent anterior shoulder dislocation and its management by open latarjet surgical procedure at tertiary health care center	Approved
2	Dr.D. Ravinder IEC/PG2021/62	A study of role of poller screws in intra medullary inter locking nailing of proximal and distal third tibial shaft fractures	Approved

<b>GENERAL MEDICINE</b>			
3	Dr. Manisha A IEC/PG2021/63	A Clinical Study Of 'P' Wave Axis In Emphysema	Approved
4	Dr.Gavini.Sai Krishna IEC/PG2021/64	Clinical study of qtc interval prolongation in patients with type 2 diabetes mellitus with microalbuminuria	Approved
5	Dr.G.Sandeep IEC/PG2021/65	A study on serum magnesium levels in alcohol withdrawal syndrome patients in a tertiary care hospital.	Approved
6	Dr.N Vamshidhar Reddy IEC/PG2021/66	Hypothyroidism in chronic liver disease and correlation of free triiodothyronine with child Pugh score in a tertiary care centre	Approved
<b>Anaesthesia</b>			
7	Dr.Kondal Srinivas IEC/PG2021/67	Comparison of hemodynamic changes in laryngeal mask air way insertion versus endotracheal tube intubation in pediatric patients	Approved
<b>ENT</b>			
8	Dr. G. Mounika IEC/PG2021/68	A clinical study on cervical lymphadenopathy among adults in a tertiary care hospital	Approved
<b>RADIO DIAGNOSIS</b>			
9	Dr.M.Praneeth IEC/PG2021/69	Role of diffusion-weighted magnetic resonance imaging in differentiation of benign and malignant lymphnodes with histopathological correlation	Approved
<b>OBGY</b>			
10	Dr. Smitha Raj .S IEC/PG2021/70	Study on cervical consistency index and cervical length in mid trimester women in the prediction of spontaneous preterm labor in low risk pregnancies	Approved

After deliberations, the following decisions were arrived:

7	P.Srinivas	Layperson

4. Apologies were received from Dr.Srinivas;Dr.Krishna Chaitanya & Dr.BVS.Lakshmi for not attending meeting

- 5.After the proceedings, the proposals listed below for the meeting were taken up for discussion.

S.no	Name Of PI	Study Title	Recommended modifications
<b>PATHOLOGY</b>			
1	Dr.T.Sai Sreeja,	Evaluation of utility of "The International Academy Of Cytology Standardized Yokohama System" for categorization of breast fine needle aspirates with histopathological correlation at tertiary care center.	1.Sample size to be increased 2. Patient information sheet is incomplete. 3.Procedure for FNAC Approved with recommended modification.
<b>ANAESTHESIA</b>			
2.	Dr. D.Aravind Sai	A comparative study between intravenous dexamethasone and nebulisation with dexamethasone in reducing post operative sore throat in patients under general anaesthesia with endotracheal intubation in age group of 20-60years	Approved

3.	Dr. G.Keerthana	A comparative study of efficacy of ultrasound guided femoral nerve block with ropivacaine plus dexmedetomidine and ropivacaine plus dexmedetomidine plus dexamethasone as postoperative pain relief in hip, femur and knee surgeries	Approved
4.	Dr.Sonica Raj.P	Comparative study on extubation stress response with proseal laryngeal mask airway and i-gel in pediatric population	<p>1.Classify body weight as per age of subjects .</p> <p>2.Exclusion criteria BMI should be modified appropriately.</p> <p>3.Patient information sheet should be changed .</p> <p>4.Child assent form should be provided.</p> <p>5.The word document is loaded 50% with small letters and 50% with capital letters.Modify accordingly.</p> <p>6.Entire bibliography is with capital letter.Modify it.</p>

#### PAEDIATRICS

5	Dr. P.ArunKanth Reddy	Study on efficacy of acute illness observation scale in diagnosing and managing children of 2 - 60 months old with acute respiratory illness at tertiary care hospital	<p>1.Case report form should be incorporated instead of data collection form .</p> <p>Approved with recommended modifications.</p>
6.	Dr.Sahithi Ramaram	Prevalence of metabolic syndrome in obese children of 10-18 years age group	<p>1.Expected outcome should be modified.</p> <p>2.Sample size to be increased .</p> <p>3.Symptoms of hypothyroidism should be removed .</p>

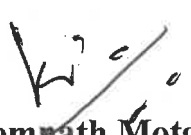

7.	Dr Daru Srilaxmi	Assessing competency of broselow paediatric emergency tape in estimating the weight of indian children aged 1 month to 12 years	1.Modify patient information sheet. 2.Gender of participants should be included in inclusion criteria. Approved with recommended modifications.
8.	Dr.Battula Sunanda	Clinical outcome in babies born to mothers with premature rupture of membranes in a tertiary care hospital	Approved
9.	DR.Yatirajavalli .m	A study on clinical profile and risk factors of nocturnal enuresis in children aged 5-14 years attending tertiary care centre.	Approved
<b>GENERAL SURGERY</b>			
10.	Dr. Dasari Esha	A prospective study on the assessment of gallbladder wall thickness as a single predictor on the outcome of laparoscopic cholecystectomy	1.patient informationshould to be modify. 2.Standard ICF should be attached. Approved with recommended modifications.

After deliberations, the following decisions were arrived:

10	P.Srinivas	Layperson

4. After the proceedings, the proposals listed below for the meeting were taken up for discussion.

S.no	Name Of PI	Study Title	Recommendations made by committee
<b>GENERAL SURGERY</b>			
1	Dr.Abhinav Pulla Reddy.	Study on outcome of skin incision by cautery versus steel scalpel in inguinal hernioplasty at tertiary care centre	Approved
2	Dr. B Mounica.	A comparative study of vacuum assisted therapy(vat) and conventional dressings in chronic non healing wounds”	Approved
3	Dr. Phani Kumar Reddy Kovvuri.	A clinical study of scrotal swellings among adults in a tertiary care centre	Approved
4	Dr.Sangem Sai Nikhil.	A study of challenges and complications associated with early laproscopic cholecystectomy in acute cholecystitis	Approved

5	Dr.P.Satwi Bruhath.	A prospective comparative study of biliary ductal injuries in laparoscopic cholecystectomy with and without using methylene blue for biliary cholangiography	Approved
6	Dr.Vaishnavi Kasisomayajula.	Efficacy of collagen sheet dressings for donor site in split skin grafting	Approved
7	Dr.Vamshidhar nag.M.	A study of changes in coagulation profile of patients undergoing laproscopic cholecystectomy using carbon di-oxide pneumoperitoneum	Approved

#### PAEDIATRICS

8	Dr. Bana Dharani.	The relationship between body mass index and blood pressure in adolescent school children	Permission of school administration should be taken. A circular to participants parents should be sent for willingness of their ward in study/ NOC from school administration should be taken and same to be submitted to ethics committee. Approved with suggested modifications .
---	-------------------	---	--

#### PULMONARY MEDICINE

9.	Dr.Arun Kumar	Prevalence of osteopenia and osteoporosis and risk factors affecting osteopenia and osteoporosis in patients with chronic obstructive pulmonary disease	Approved
----	---------------	---	----------

#### MICROBIOLOGY

10.	Dr.Eluri Pratima	Biofilm formation and antimicrobial resistance specifically vancomycin resistance among enterococcal species isolated from various clinical specimens in tertiary care hospital."	Proper PPT format of protocol should be submitted to IEC certificate will be issued upon submission of PPT soft copy to IEC & <b>SUGGESTED MODIFICATIONS.</b>
