DEAR DELEGATES

It is with great enthusiasm and anticipation that we welcome you to the “*Pearls in Respiratory Medicine CPD (Continuing Professional Development)*”. This gathering represents a pivotal opportunity to share insights, sharpen clinical acumen, and deepen our collective commitment to advancing respiratory health.

Respiratory medicine stands at a dynamic intersection of innovation, research, and patient-centered care. With the global burden of respiratory diseases continuing to grow, our responsibility as clinicians, researchers, and educators has never been more urgent—or more inspiring. This CPD brings together leading voices and fresh perspectives to explore the “pearls” that can enhance both practice and outcomes.

We, The Department of Respiratory Medicine extend our sincere thanks to all the speakers, contributors, and organizers who have made this CPD possible. Your dedication ensures that the “pearls” shared here will continue to resonate well beyond the closing session.

Welcome, and may this CPD inspire and empower your journey in Respiratory Medicine.
