

Advanced Trauma Life Support (ATLS) 11th Edition Provider Course

Malla Reddy Institute of Medical Sciences (MRIMS), under the aegis of **ATLS India**, is pleased to announce the **4th Advanced Trauma Life Support (ATLS) Provider Course**, scheduled from **12th to 14th June 2026** at **Central Simulation Lab (CSL), MRIMS / MRV, Hyderabad**. The ATLS Provider Course is a **globally recognized program** developed by the **American College of Surgeons (ACS)**, equips doctors with a **systematic and evidence-based approach** to the early management of trauma patients.

The latest 11th Edition introduces the updated **xABCDE approach**, prioritizing early control of life-threatening hemorrhage, along with enhanced **simulation-based learning**, modern clinical guidelines, and a strong focus on **team-based trauma care and communication**.

The course follows a **structured, evidence-based approach and includes expert-led lectures, hands-on skill stations, interactive discussions, and performance-based assessments**. It aims to **strengthen clinical decision-making, procedural skills, and team-based trauma care** in emergency settings. Through this program, **MRIMS/MRV continue to reinforce their commitment to excellence in trauma education, patient safety, and high-quality emergency care**.

This intensive 3-day course includes interactive lectures, hands-on skill stations, and assessments. Successful participants will receive an **internationally recognized ATLS® Provider Certificate (valid for 4 years)**.

Be prepared to save lives with confidence and competence in trauma care.
